

### 1. All the time

You were elected by sufficient men.  
You prove to have the wires in your hands.  
Your head is the top of the big hill.  
You'd like to represent country's and lands  
but you are still  
an Human Being,  
equipped with soul and equipped with mind.  
Air - Water - Soil - Fire  
I won't believe your words.  
Your phrases and lies,  
you tell cold just like ice.  
You talk with a splitted tongue.  
Your nose gets long an longer.  
I bet you can't even  
think of believe in yourself!  
Your position is near to stratosphere!  
you'll never recognize the real truth  
that I' am sure you fear!  
Human Being,  
equipped with soul being emotional blind.  
Air - Water - Soil - Fire  
Who lies one time in history,  
gets untrustworthy for all the time.  
Who gets all chances, who don't use one  
is untrustworthy for all the time!

### 2. Fear is the path to the dark side

Lock up your door!  
Lock up your car!  
Lock up your pocket!  
Lock up your heart!  
Put on TV!  
What can you see?  
A horrible world  
that they want you to see!  
Fear your neighbours,  
and when your armpit stinks.  
Fear small spiders,  
and when the telephone rings.  
Fear the mirror,  
fear the clock,  
you fear to get too late to work!  
FEAR IS THE PATH TO THE DARK SIDE!  
Media is playing with your fears,  
to get control over you!  
And while you see  
the evil in everything,  
you become evil too!

### 3. SAYING SOMETHING STUPID

I know it sounds strange to you  
but: wearing red Shoes  
is what I choose  
to run into the Death.  
saying something is stupid is stupid  
and you think its stupid to think about that  
saying something is stupid is stupid  
and You who wonder what I mean,  
should take it bit more serious!  
I won't join your Team  
but: don't be sad Friend  
We're all different  
I just won't play your Game  
saying someone is stupid is stupid  
do I say you're stupid because you are fat?  
saying someone is stupid is stupid  
and You who wonder what I mean,

should take it bit more serious!  
it's not you and me against each other  
It's me against the stupid-talk  
in some cases some things are really stupid  
OOOPS now I said it myself  
it's all said a thousand times  
and I won't say it a 1000 times more  
I really hate your stupid rivalry  
OOPS NOW I DID IT AGAIN  
saying something is stupid is stupid  
and you think I'm stupid 'cause I say it's stupid  
and he who is stupid says: "I am not stupid"  
and stupid is stupid is stupid is stupid ...
